

"War Crimes"

To the tune of Lady Gaga's "Just Dance"

This trial's been a little tough,
We looked around and found some stuff,
Our case is crystal clear,
Culus is guilty here
He enchanted
two Maha'i (oh oh o-oh)

What's going on in this trial?
I love this tension, baby, and I'm gonna give you some more
Keep it cool
What's the deal at this mine?
We will explain it and it's all right, all right

War crimes!
Listen up, okay
Culus committed
War crimes!
Here's a record, babe
Culus committed
War crimes!
Listen up, okay
W-W-War crimes!

Now we will prove it all to you (oh, oh, oh-oh)
He conspired with Ustu (Ustu Prime, yeah)
"Culus eats souls," we say,
And dressed as me to slay
While he annexed Deñocho (oh, oh, oh-oh)

What's going on in this trial?
I love the attention, baby, and I hope that you'll give me more
Keep it cool
What's the deal at this mine?
We will explain it and it's all right, all right

War crimes!
Listen up, okay
Culus committed
War crimes!
Here's a record, babe

Culus committed
War crimes!
Listen up, okay
W-W-War crimes!

When I come through in the court room, checking out that catalogue
We can prove Culus
He ignored rules and broke safety laws
And I ain't gonna give it up,
No, cuz our case is without a flaw
I'mma stay here, I'mma fight it and I'll be alive least until tomorrow, yeah
Culus, you believe that you got so much evidence
But I don't see you serving shit, Mining Turnabout
And there is no reason at all why I would allow you to win,
Instead I'll stay here, and I can watch you fuck it up

War crimes!
Listen up, okay
Culus committed
War crimes!
Here's a record, babe
Culus committed
War crimes!
Listen up, okay
W-W-War crimes!
